Contains high levels of copper. Do not feed to sheep.

Feeding Directions: Feed equivalent total of 20 lbs per head then switch to appropriate MLS product. (example 100 calves X 20 lbs equals 2000 lbs total fed then switch to appropriate MLS product.)

Zinpro Availa®4 provides copper, zinc, manganese, and cobalt from bioavailable organic sources to aid fertility, soft tissue health, bone and joint development, and Vit-B absorption.

CELMANAX™SCP can be effective in reducing the incidence and/or severity of bovine respiratory disease (BRD) and scours caused by E. coli or salmonella. By including CELMANAX™ SCP in the diet, shorter recovery rates and decreased severity of coccidiosis can be observed, allowing animals to return to performing at their maximum potential much quicker.

This product is made in a feed manufacturing facility that DOES NOT handle or store products containing animal proteins prohibited in ruminant feed.

Beginning January 1, 2018, vitamin A,D & E levels are subject to change due to price and availability.
